

Income Tax Cut Totals \$1,246

Antioch's allocation of state income taxes collected in April amounted to \$1,246.23, bringing its total to \$15,653.67 for the fiscal year, according to Gov. Richard Ogilvie.

Lake Villa's share amounted to \$425.96, and Lindenhurst, \$1,227.48 the governor added.

The county's share amounted to \$30,663.17. Total received for the fiscal year amounts to \$116,889.87.

Total paid to the county including villages and municipalities was \$147,553.04. The report showed that \$2,047,140.17 had been sent to the municipalities and villages through April.

The state income tax law requires one-twelfth of the proceeds from the tax to be distributed to cities, villages and counties each month on a per

capita basis, the governor explained.

The municipalities' share based on the population within their corporate limits, was \$3,647,231.90 while the counties received \$686,024.33, based on the population of unincorporated territory.

"This month's distribution brings to more than \$121 million of income tax revenue Illinois has shared with her principal local governments, the governor said. "We have discovered that in most cases this assistance has enabled these generally hard-pressed agencies to hold the line on local property taxes and often cut them."

In addition, he said, many communities have been able to start new governmental programs or make capital improvements which had been long deferred for lack of funds.

Awards Presented Antioch Cub Scouts

Sub Scout Pack 192 held its monthly pack meeting on May 25, with Indians being the theme of the month.

Following the opening ceremony by the Webelos Den, all dens participated in Indian dancing.

Each of the boys were in Indian costumes, most of which were made by the boys in their den meetings. Cubmaster Ray Atwood presented the awards.

Gary Becker, Gary Drije and Ronnie Nauman each received a wolf badge. Gold arrows under wolf were earned by Richard Becker, Gary Becker, Gary Drije and Ronnie Nauman. Richard Becker, Robbie Nauman, Gary Becker, Ronnie Nauman and David Birchhold each earned one silver arrow. Gary Drije received three silver arrows.

Tom Surrock received his bear badge.

Denner bars were presented to Michael Jackson, Dennis Flasher received assistant Denner bars.

Webelos awards were: Adolph Kirby, aquanaut; Tom Connelly showman, Jerry Kennedy athlete, Mike Polsgrove naturalist, Don Elder athlete, David Aschbacher athlete and sportsman, Darren Houghton athlete, and Mike Connors athlete.

Tom Surrock, Richard Becker, Michael Jackson and Michael Ruggles each received Webelos ribbons, scarves and books.

Larry Bolton earned the Arrow of Light and was graduated into Boy Scouts.

May birthdays celebrated were: David Birchhold, Jimmy Wilson and Scott Kirby. June birthdays were Scott Georgeson, Gary Becker, Danny Webster and Mick Vahl.

Two year pins were awarded to

Messner Is Promoted By Illinois Bell

Walter O. Messner was promoted by Illinois Bell to manager of the company's Antioch business office, 932 Main Street, and the Round Lake business office, 234 Cedar Lake Road.

Together, the offices handle

Walter O. Messner

23,000 telephone accounts in Antioch, Round Lake, and the nearby lake towns.

Most recently Messner has been a commercial assistant at Illinois Bell's Highland Park business office. On his new assignment he is responsible for supervising 27 employees who maintain customer records and process orders for new telephone service.

He replaces Allen M. Swan, who is transferred to Illinois

VOL. LXXXV. NUMBER 52

County Supervisor Board Re-map Fails

The Lake County Board of Supervisors Monday again failed to reach a decision on reapportionment in conformance with a law that takes effect in 14 days.

This marks the third time the 37-member board could not come up with a decision after considerable discussion on procedure at the afternoon session.

Legislative Committee Chairman Joseph Welch of Cuba Township proposed two plans, both providing for a 25-man board.

This would be a reduction of 12 from the current 37-member board. Welch announced that one plan would provide for 25 members from 25 county districts, the other also with 25 members, with five coming from five county districts.

Before he had a chance to present the resolution, Mrs. Janet Morrison, assistant Waukegan township supervisor, proposed that the board be made up of 15 members.

Caught by surprise, Welch made a desperate plea that his motion for 25 be introduced before Mrs. Morrison's.

But he did not realize that anyone else would make any attempt to present another proposal—though he had his resolution on the clerk's table.

Benton Township Supervisor Kenneth Henke proposed an amendment to Mrs. Morrison's motion that board membership be at 25.

This was an apparent error in

(Continued on page three)

Cub Scout Pack 192 Plans Cookout

A lad and dad cookout under sponsorship of Cub Scout Pack 192 will be held in the Scout area in Chain O' Lakes State Park by Fox Lake. Tuesday, June 22nd. The event begins at 6:30 p.m.

Two Report Boat Thefts

Two Antioch residents Sunday reported the theft of boats from their piers.

Myron W. Bliss, who lives on the east shore of Lake Marie, said a boat and motor were stolen.

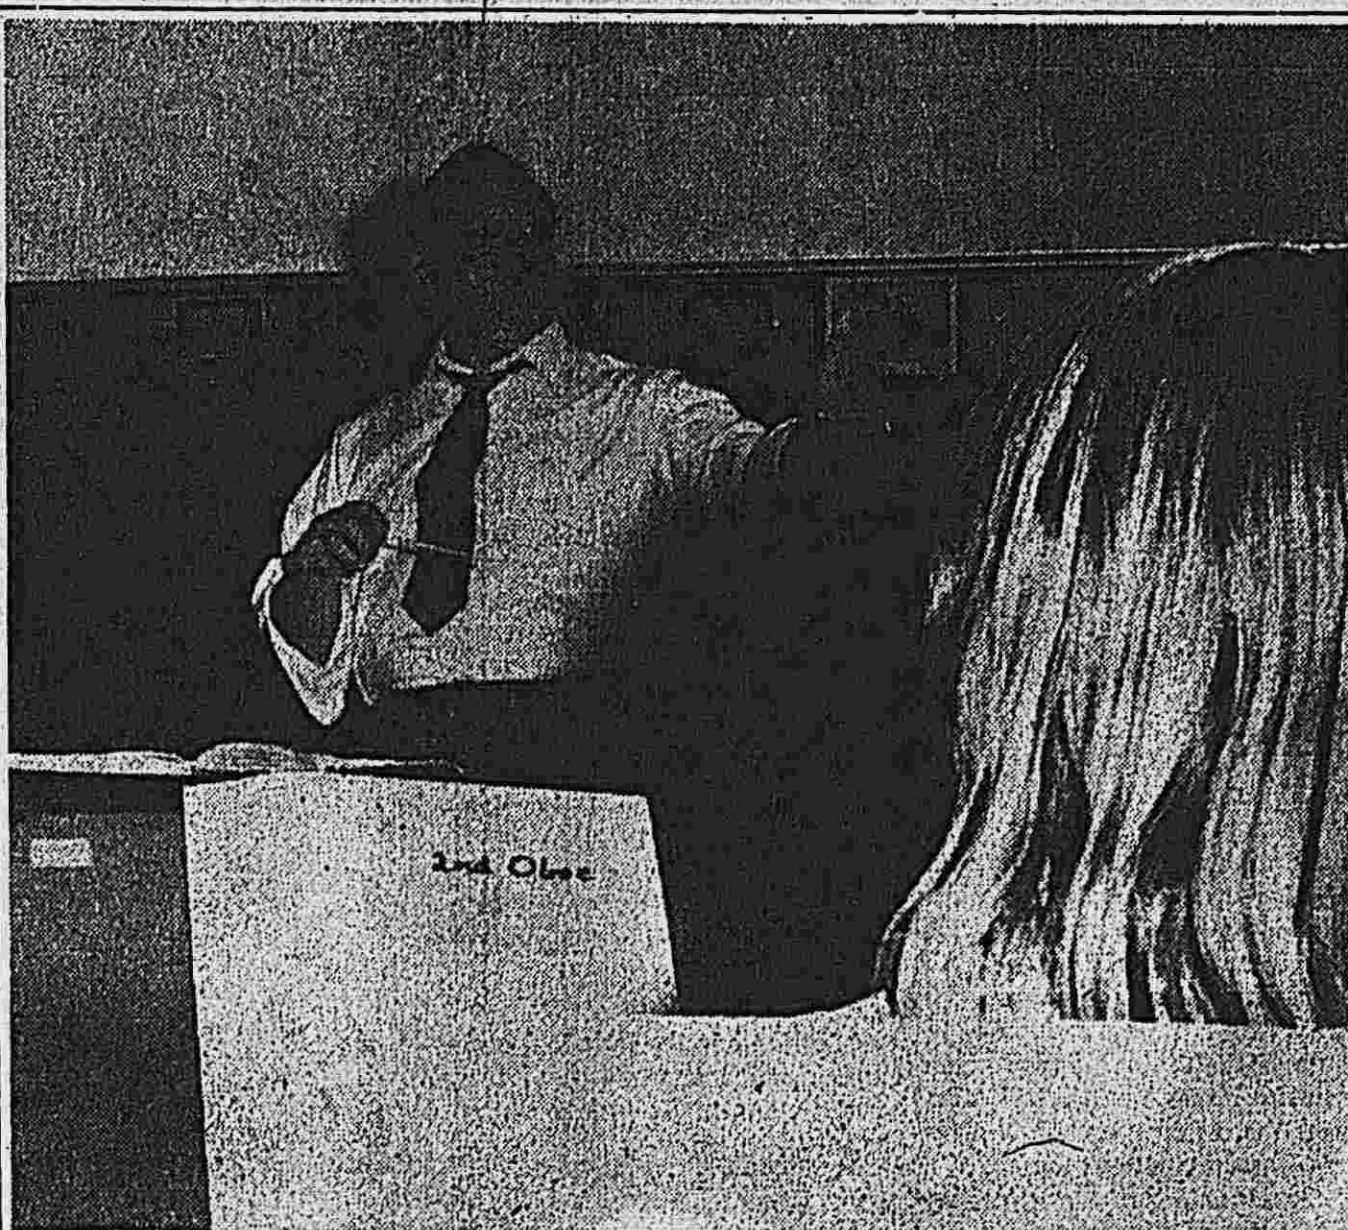

Joe Burdick of Box 32, RFD 3, Antioch, said a boat and motor were taken from the pier at the north shore of Channel Lake.

Assign Marine To Great Lakes

Matine Pte. Joel H. Flaschner, husband of the former Miss Diane P. Ferris of Route 4, Antioch, is serving at the Marine Barracks at the Naval Training Center, Great Lakes.

Cheryl Pincombe On Dean's List

Mrs. Margaret Pincombe, has been placed on the dean's list for the second semester at the College of Lake County. She will be a second year student at the fall term.

Band Director George Olisar puts the Antioch Grade School Band through its final rehearsal preparatory to its departure today for Washington where it will present a concert on steps of the House of Representatives. The band will play also at veterans' hospitals. Band members will tour the Federal Bureau of Investigation building, The Smithsonian Institute and United States Capitol building, and visits to the Lincoln and Washington monuments.

Township Man Dies In Hit-Run-Crash

An Antioch Township man was killed Sunday when he was struck by a hit-and-run motorist on Grass Lake Road, east of Ackerman Road, about three miles southwest of Antioch.

He was identified as Glen D. Siedschlag, 29, who made his home with his mother, Mrs. Mildred Siedschlag of Channel Lake.

Born in Chicago, he lived at Channel Lake all of his life. He was employed as a laborer for bricklayers, and was a member of Local Union No. 162 of the Construction General Laborers Council.

He also was a member of the Antioch Loyal Order of Moose Lodge 525.

He was proceeded in death by his father in June 1965.

Funeral services were held

Wednesday with the Rev. Donald Cobb of the Antioch United Methodist Church officiating. Burial was in Wilmot Cemetery.

Strang Funeral Home was in charge of arrangements.

The Lake County sheriff's office said Siedschlag was running with Lawrence C. Hinton, 30, of Summit, when they were struck from behind by a van camper driven east on Grass Lake Road.

Hinton said he tried to pull Siedschlag to safety when he heard the vehicle coming from the rear, but was unsuccessful.

The van struck Siedschlag about 472 feet east of Ackerman Road, throwing him about 53 feet. Deputies said the driver of the van left no skid marks. Evidence also found indicated

the driver was not on the shoulder of the road.

Hinton was treated for his injuries at Victory Memorial Hospital where he was taken by the Antioch Rescue Squad.

Siedschlag, the county's 51st traffic fatality, was pronounced dead at the scene by Lake County Coroner Oscar Lind.

John E. Keenan, 52, of 351 Lake

(Continued on page three)

KTI Graduates Antioch Youth

James E. Esteb, from Antioch, graduated Sunday from Kenosha Technical Institute when degrees and diplomas were granted to the largest graduating class (555) the school has had. Director Keith W. Stoch reports.

Esteb earned a vocational diploma for a year of drafting-mechanical study at the new KTI Walworth County Campus at Elkhorn.

Lindberg Elected To A Second Term

Harold W. Lindberg was re-elected to a second term as president of the Antioch area Chapter 387 of the American Association

of Retired Persons at the annual meeting held in the community room of the Antioch Savings and Loan Association.

Other officers are Mrs. Ruth Carlson, first vice president; Fred Wendt, second vice president; Mrs. Stella Nelson, secretary; and Clarence F. Spiering, treasurer.

Directors chosen were Mrs. Ralph Paulsen, Mrs. Violet Feldmann, John L. Horan, James Koemoud, Mrs. Clarence F. Spiering, Mrs. Ruth Carlson, and Mrs. Fred Wendt.

The chapter decided not to have any meetings in July and August.

New officers will be installed at a luncheon at the Iron Kettle, Wilmot, June 22.

Members will take a boat trip on Lake Geneva June 29.

The annual picnic will be held July 6 at Van Patten Woods, Rte. 173, with guests from chapters in Rockford, Chain O' Lakes, Fox Lake and Waukegan.

Members will attend the re-

(Continued on page two)

Bids Filed For School Remodeling

Five general contract bids were filed with the Antioch High School board at its special meeting Wednesday for remodeling and Life Safety Code Construction.

Bids also were received on electric, plumbing and heat and ventilation.

The bids are being screened by the school architects to make sure they meet specifications.

John Smith has been hired to replace Jack Felger as business manager. Felger resigned recently to accept a position in another Lake County school system.

Smith's business manager experience has been in the Lockport elementary school district, Elgin Junior College District and Evanston Township High School District.

Smith received both the bachelor's and master's degrees from Northern Illinois University.

His contract begins July 1. Resignation of Marilyn Dolan as business teacher the past school term has been accepted.

She will be married this summer and will be moving from the Antioch area.

Grayslake Boy Appointed To USAF Academy

It was announced by the office of Cong. Robert McClory that William S. Rohde, son of Mr. and Mrs. Elmer Rohde, Rt. 3, Grayslake, has received an appointment to the United States Air Force Academy at Colorado Springs.

Rohde is a 1971 graduate of Grayslake Community High School where he has served as president of the Physical Science Club, and earned his athletic letters in track and cross-country.

The Grayslake youth is to report to the Air Force Academy on July 5 to begin four years of education and training. Upon graduation, he will be commissioned and serve as an officer in the United States Air Force.

Gary Allen Gets Masters

Gary W. Allen of 565 Orchard St., Antioch was awarded his master's degree at commencement exercises of Roosevelt University, Chicago.

Lee Gustafson

Gustafson Is Appointed Band Director

Lee Gustafson has been hired by the Antioch Community High School Board of Education to replace Joseph Rush as instrumental director in the high school.

Gustafson is a graduate of Thornton High School, Dolton. He attended Thornton Community College and received his BMED from Vandercook College of Music. Presently he is working on his Master's at Vandercook.

For the past two years, Gustafson has been the band director at Richmond High School and Richmond Grade School. Prior to that, he taught trumpet privately and played professionally.

Gustafson's wife, Barbara is a graduate of Southern Illinois University where she received a bachelor of musicology degree.

For the past two years she has been teaching Vocal Music at Harrison Grade School in Wonder Lake.

Applications Available For Ike Dollar

Applications for the Eisenhower 1871 Silver Dollar are available at the post office, the two banks and the savings and loan association, Robert Carter, postmaster, said.

The forms are available at the State Bank of Antioch, the First National Bank of Antioch, and the Antioch Savings and Loan Association.

Order form for uncirculated dollars of high quality and their production is limited. Price is \$3 per coin. Five coins is the maximum per person.

Proof coins will be \$10 per coin. Five coins is the maximum per person also.

Grass Lake School Calls Public Meet

A meeting for citizens of Grass Lake School District 36 will be held on Tuesday, June 22 at 7 p.m. at the School.

The purpose of the meeting will be to get the community's interests regarding the proposed building and areas of curriculum that should be changed or expanded.

Antioch Man Injured In Waukegan

Fred Kmet, 26, of 300 Lakewood Drive, Antioch, was injured Monday when his trouser leg was caught in an auger used to dig out a hole beneath Washington and Keller Streets, Waukegan, for the installation of a telephone cable.

Kmet was released after treatment and X-rays of his left leg. Quick action by Kmet in crumpling the hose prevented a more serious injury to his leg, according to police.

He was pulled by his legs into the hole when his trouser leg got caught in the whirling machinery.

County College Gets \$21,717 U.S. Grant

The College of Lake County has been approved for a federal grant of \$21,717 by the Office of Education, Department of Health, Education, and Welfare. The award, authorized under Title VI of the Higher Education Act of 1965, is designed to provide financial assistance for the acquisition of equipment and materials necessary to improve undergraduate instruction in institutions of higher education.

Institutions of higher education, including community colleges, were invited to submit pro-

posals identifying deficiencies to be remedied in the instructional programs and the college's plans for the improvement of instruction," stated Dr. S. Robert Hoekstra, administrative assistant to the President. "The College of Lake County designed and submitted a proposal continuing projects for improvement of instruction in eight eligible subject areas. After review by the state commission and federal authorities, a total project of \$43,439 was declared eligible and supportable and monies amounting

to one-half of the project were allocated by HEW."

Included in the overall proposal and funded in part by the federal grant are projects in ecological science, laboratory technology, microanatomy, communication arts, and developmental services. In addition, the grant will assist the college in obtaining laboratory equipment and materials to be used in developing individual work stations in business skills, a mathematics center, and a language laboratory.

EDITORIAL

An Era Ends

This is the last edition to roll off the flat bed press of The Antioch News which has been serving Antioch and Lake Villa Townships and our neighbors in Wisconsin for more than 80 years.

The paper evolved from a small hand bill printed on colored paper through the days when it was a modest little sheet folded by hand to present size of an eight column, eight to twelve page newspaper.

It has grown with the community and has followed the sons and daughters of the region into distant states and foreign lands and through the wars of the current century.

Many of the older generation and newcomers have faithfully read The Antioch News each week.

The newspaper has expanded with the years and now reaches hundreds of homes in Antioch and neighboring communities.

Coincidentally, the final edition ends with the newspaper's calendar year—52—designating the number of editions printed during the year.

The paper has been in the Gaston family for 46 years: The late H. B. Gaston became the owner back in the 1920's and operated the paper until his death in 1943. Operation of the paper continued under Mrs. Homer B. Gaston and her sons, and more recently under the management of Harold D. Gaston.

Harold Gaston will continue to operate the A & B Printing Service, Inc., which was separated from The Antioch News in September, 1970 and will remain at the same location at 966 Victoria Street.

This marks the fourth time in more than 80 years that the newspaper has changed ownership.

Joseph T. Rush, former band director at Antioch High School and photographer, has purchased the newspaper and will operate it as editor and publisher.

His newspaper will have a new format in makeup and printing. The newspaper will be a tabloid, photo offset process, a new technique that has become popular in the newspaper publishing business.

Offices of The Antioch News after this edition will be at 141 Cheri Lane.

We think you will like the new look of the Antioch News when it reaches you through the mail or at the newsstands. We hope you will continue your loyalty to The Antioch News. We are sure you'll look forward to reading it each week.

A Pat On Back

Village Mayor Raymond Toft and trustees should be commended for their stand in opposing the expansion of the Northeast Illinois Planning Commission which wants to expand its boundaries in the areas of zoning and public works projects.

We agree with the mayor that it is contrary to the policy of the new constitution on home rule.

The Lake County Municipal League also took a like stand.

Residents should write their legislators urging them not to support the bill that would expand the authority of the Northeast Illinois Planning Commission.

It is evident of NEIPC interference at a hearing two weeks ago at which its commission member expressed a desire to reduce the size of the Antioch proposed enlargement plans of the sewage disposal plant by two-thirds.

If Antioch is to meet its growth demands in the next decade, the size as proposed by the village engineer is in the right direction.

Viet War End Set In 40 Bills

Since the 92nd Congress convened in January more than 40 separate proposals establishing a fixed date for withdrawal of American forces from Vietnam have been introduced in the House of Representatives. This legislative response in the Congress reflects American war-weariness as well as the widely held view that our Nation has more than fulfilled its commitment to the people and government of South Vietnam.

While all the proposals seek to end the war by a given date, they vary significantly in their approach. A substantial number of resolutions provide a fixed withdrawal date or require that the President unilaterally withdraw our troops from the field immediately. Other bills would seek to restrict funds for use in Vietnam to defensive and disengagement operations. Several more would request the United Nations to send a peace-keeping force to Vietnam to supervise the withdrawal of all foreign forces. All of these proposals, however, are characterized by the fact that they seek to replace, rather than complement, President Nixon's Vietnam policy.

This Member of Congress has submitted a viable alternative to the earlier withdrawal resolutions. Basically, the McClory Resolution, House Concurrent Resolution 321, calls for a total withdrawal of American forces from South Vietnam by November 30, 1971, subject to three conditions:

- 1) a total cease-fire by August 15, 1971, to be supervised by a UN Military Observer Group;
- 2) return of all American prisoners of war by September 1, 1971, to be supervised by the UN Commission on Human Rights;
- 3) commitments by North Vietnam and all other governments with military forces in South Vietnam to likewise withdraw by November 30, 1971, also under the supervision of UN Military Observer Group.

This resolution further provides that, once all American prisoners of war are returned, all American forces are then to withdraw to the perimeters of certain military installations—to be designated by the President—and not to engage in any ground action or ground reconnaissance thereafter. This provision has been inserted into the McClory resolution in order to provide all possible safeguards against any risk of cease-fire violations.

The McClory Resolution also states that matters concerning the placement of refugees in Indochina be referred to the United Nations Commission on Human Rights and that the procedures for negotiating a final peace settlement between the governments of North and South Vietnam should be finally decided by the United Nations.

In the past, North Vietnam has refused to discuss the question of POW exchange until the United States has declared a specific withdrawal date. The McClory Resolution seeks to overcome this impasse by setting November 30th date as the date by which total withdrawal will be completed. Americans being held by the North Vietnamese will not be abandoned, however, for the Resolution contains the provision that final troop withdrawal is contingent upon the exchange of all prisoners of war. Indeed, the resolution should provide a strong

inducement to the North Vietnamese to negotiate a prisoner exchange without further delay.

In submitting this resolution, it is felt that Members of Congress have an obligation to offer proposals which assist the President in his plan to terminate the conflict in Vietnam. The McClory Resolution attempts to present a constructive position which will serve to enhance efforts to attain an early cease-fire, an exchange of prisoners of war, and a total withdrawal of all foreign troops from Vietnam—prerequisites essential to ending the war.

On June 15, more than 15 Members of the House of Representatives joined this Member in reintroducing H.Con.Res. 321. This resolution and other related measures are scheduled for hearings before the House Foreign Affairs Committee in the latter part of June.

Dr. Bock Is Assigned To Hill AFB

Dr. Charles M. Bock, an Antioch High School graduate and son of Mrs. Genevieve Fillweber of Fillweber Court, Antioch, has been assigned to the position of chief of the Chemical and Material Laboratory Branch of the Maintenance Directorate at Hill AFB.

A graduate of the University of Arizona with a Ph.D. in geology, he recently was employed at Edwards AFB, California, where he developed a laboratory for X-ray crystal structure analysis.

At Hill he has the technical and administrative supervision of the chemical and material laboratory branch which consists of a chemistry laboratory, a metallurgical and non destructive test laboratory, an electronics and photographic laboratory, and a propellant and components laboratory.

Commissioned through the Air Force ROTC program, he entered active duty after his graduate studies. His first assignment was with the Space Systems Division in Los Angeles where he worked as project engineer on the Minuteman and other launch facilities.

He was sent to the Rocket Propulsion Laboratory at Edwards AFB, and after his discharge in 1965 stayed as a civilian employee in approximately the same position.

The Bock family includes his wife and two sons.

Dr. Bock is the brother of Mrs. Lorraine Clerk of Hawthorne Avenue, Antioch.

Naval Base...

(Continued from page one) opportunities for advancement, generous vacation and sick leave plans, group life and health insurance, as well as a liberal retirement system.

Crackdown Ordered On Late Owners

Police Chief Jack Davis has ordered a crackdown on vehicle owners who have not purchased their current car stickers.

He said drivers arrested face a fine and at the same time, they will have to buy the stickers at a cost of \$8 or \$2 more than the regular fee if purchased before the deadline.

Chief Davis said also this applies to owners of motorcycles and trucks.

The stickers may be purchased in the office of Village Clerk Marilyn Sterbenz.

Davis added that owners of bicycles may purchase tags for their vehicles at the police station. The cost is 50 cents.

"It is wise to invest 50 cents for a sticker," Davis said. "The bicycle serial number is registered with the police department which can be easily traced if stolen."

Magistrates Retained In District

Judges of the 19th Judicial Circuit announced nine magistrates have been retained in office to become associate circuit.

ALONG THE WAY with Annie Mae

SUMMER IS A CUMIN IN

Summer will be with us officially next Monday. It feels like it already.

FAMILY REUNION

Members of the Oftedahl family spent the weekend in Minnesota at a family reunion. There were cousins by the dozens and all the rest.

HAPPY BIRTHDAYS

To Mrs. Peter Leider, Sr., who celebrated her birthday at a family dinner at her daughter's home. Fourteen members of the family were on hand, the Ralph Tuteins, Donald Leiders, Bruce Pries, James Siebens, and grandchildren.

Speaking of birthdays... Wendy and Shirley Jensen gave a surprise family luncheon to honor Shirley's mother Meta Jost on her 80 years young birthday.

IT'S A GIRL

Bruce and Nancy Jablonski are the parents of a baby girl Jennifer Sue. The proud maternal grandparents are the Dick Ericksons.

BACK ON THE JOB

We're glad to hear that Norm Jedele is back on the recovery list and at his desk again.

Get well wishes to Debbie Toft and hope she will be up and about before too long.

Jen Gibbs has been hospitalized for several weeks.

HAPPY ANNIVERSARY

Last week Esther and Bob Wilton observed their 45th Wedding

Anniversary

Sunday was the 18th anniversary of Joe and Barbara Rush. Joe and Vera Horton celebrated their 25th Anniversary June 11 with a family dinner, held in Richmond.

Many more happy anniversaries to all of you.

RETURN HOME

Mrs. Margaret Gaston and her daughter, Mrs. Elizabeth Shepard returned home last week from a trip which took them to Carmi,

Illinois, where they attended the funeral of Mrs. Gaston's brother. From there they drove to Webster City, Iowa, to visit the Howard Shepard family.

Will and Kay Schaefer and family spent the weekend in southern Illinois for the wedding of their son, Brandon. On the way back they visited with relatives in St. Louis for Sunday brunch.

REMEMBER DAD

This Sunday is Father's Day. Let's plan a great dinner and easy, restful, fun day for the King of the House.

Happy Father's Day to all you lucky guys.

ANNIE MAE

Gomes Completes 8-Week Course

FT. LEONARD WOOD, MO., June 4—Private Manuel G. Gomez, son of Mr. and Mrs. Antonio P. Gomez, Route 2, Antioch, recently completed an eight-week combat engineer course at the U. S. Army Training Center, Engineer, Ft. Leonard Wood, Mo.

During his training, he learned to perform engineering tasks in direct support of combat units. The training included instruction in road and airfield construction and maintenance, field fortifications and the erection of fixed and floating bridges.

CHRISTIAN SCIENCE CHURCHES

"Is the Universe, Including Man, Evolved by Atomic Force?" is the topic of the Bible Lesson-Sermon to be presented at Christian Science church services Sunday.

"God, Spirit, dwelling in infinite light and harmony from which emanates the true idea, is never reflected by aught but the good," a citation to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy states.

The Golden Text is from Jeremiah: "Ah Lord God! Behold, thou hast made the heaven and the earth by thy great power and stretched out arm, and there is nothing too hard for thee." Services at First Church of Christ, Scientist, BEACON HILL, Rte. 173 and Harden, Antioch, Ill., begin at 11 a.m. All are welcome.

"HELPING and HEALING"

Listen this Sunday to the Christian Science Radio Series for some interesting insights on this question.

THE TRUTH THAT HEALS

Mr. and Mrs. Warren B. Sheehan of Lake Villa announce the engagement of their daughter, Linda Jean, to Kenneth Meyer Jr., son of Mr. and Mrs. Kenneth Meyer Sr. of Antioch. An August 7 wedding is being planned.

Salem Vacation Bible School Opens June 20

The Salem United Methodist Church announces Vacation Bible School from June 20 through July 2 from 9 a.m. until 2 p.m. each day. This year's theme will be "Talking With God" and the objective will be that of helping the children more fully understand the value of prayer.

During the activities of each day there will be singing, flannel-graph stories, filmstrips, handicraft, and recreation. Two special projects for Vacation Bible School this year will be a Missionary Offering to be collected on Friday morning, July 2, and given to The Rev. Jim Feay and his work with the Menominee Indians. The other projects will be the rehearsal of a Junior Choir to sing at the worship service on Sunday, July 4, at 9:30 a.m.

The children are asked to bring a sack lunch each day, with drinks being furnished. A registration fee of fifty cents a child or a dollar a family will be charged to defray the cost.

American Legion Auxiliary News

The 10th District American Legion Auxiliary met at the Gurnee American Legion Home on June 9th, with Mrs. Robert Broege, Deerfield, District President, as the presiding officer.

Election of district officers was held, with Mrs. Joseph Hogue, Waukegan No. 281, voted in as District President. Mrs. Everett Ainsworth Lake Forest, is District Vice President; Mrs. Norman Holt, North Chicago, District Historian; Mrs. Charles McCormack, Mundelein, District Sergeant-at-Arms; and Miss Jacqueline Walters, Grayslake, as District Treasurer. Mrs. Hogue announced her appointments of Mrs. Richard Brady, Gurnee, as District Secretary; and Mrs. Ann Solberg, Zion Benton, as District Chaplain.

Mrs. Broege was elected delegate to the national convention, with Mrs. Hogue as her alternate. In the 10th District Publicity Press Book Contest, Mrs. Edward Jahneke, Antioch, District Communications Chairman, stated that the first place winner was the Sharvin Unit of North Chicago, with Mrs. John Schultz as chairman; and the Libertyville Unit took second place with Mrs. Coy Casper as chairman.

Membership awards went to the 14 of the 22 Units in 10th District who had achieved 100% or "quota" in membership — Antioch, (Mrs. Lester Zilkus, chairman) Baxter Evans, Highland, Lake Forest, Lake Villa, Lake Zurich, Libertyville, Mundelein, North Chicago, Round Lake, Vernon, Wauconda, Waukegan No. 281, Winthrop Harbor and Zion Benton. The 10th District needs only 30 more members to attain their goal of a 100% district.

The annual Carnival of the Antioch American Legion and the Auxiliary will be held from June 30th through July 5th, at the field near Lyons and Ryans bldg. There are six booths to be "manned" for six carnival rides the six nights of the Carnival. Mrs. J. W. Horan needs Auxiliary volunteers for these rides. This is the only fund raising project for the Antioch Unit during the year. It is hoped that there will be a good response. Anyone wishing to volunteer their services, please contact Mrs. Horan at 395-1292.

Auxiliary was represented by Mrs. J. W. Horan, Mrs. L. Zilkus, Mrs. Bernard De Vries and Mrs. R. Rathmann.

At the June 7th meeting of the Antioch American Legion Auxiliary No. 748, held at the Antioch American Legion Home, Mrs. John W. Horan was re-elected to serve her second term as President. Other officers elected were Mrs. Lester Zilkus, First Vice President; Mrs. Samuel Pettigrew, Second Vice President; Mrs. Frank Kennedy, Treasurer; Mrs. Edward Jahneke, Historian; and Mrs. Bernard De Vries, Sergeant-at-Arms.

Mrs. Ray Rathmann and Mrs. Jahneke will represent the Antioch Unit as delegates to both the 2nd Division Convention on June 27th and the State Convention in late July. Mrs. Joseph Horton and Mrs. John L. Horan were voted as alternates to the Department Convention. Mrs. Rathmann was endorsed for the office of 2nd Division Vice President.

The delegates and alternates to the 10th District meetings were elected as follows: Delegates, Mrs. Bernard De Vries, Mrs. Frank Kennedy, Mrs. William Dowden, Mrs. Bernard Stadick and Mrs. Sam Pettigrew; Alternates, Mrs. Joseph Horton, Mrs. Earl Horton, Mrs. Ralph Fields, Mrs. Lester Zilkus and Mrs. Dan Lightsey.

A "Draping of the Charter" was held, with Mrs. J. W. Horan and Mrs. Zilkus performing the ceremony, in memory of Mrs. Walter Hills, who died May 30th. The members participated in singing the hymn "Sweet Hour of Prayer" to conclude the ceremony.

The annual Carnival of the Antioch American Legion and the Auxiliary will be held from June 30th through July 5th, at the field near Lyons and Ryans bldg. There are six booths to be "manned" for six carnival rides the six nights of the Carnival. Mrs. J. W. Horan needs Auxiliary volunteers for these rides. This is the only fund raising project for the Antioch Unit during the year. It is hoped that there will be a good response. Anyone wishing to volunteer their services, please contact Mrs. Horan at 395-1292.

A FRIENDSHIP BRIDGE

A second international bridge is to be built this year across the Rio Grande between Laredo, Texas, and Nuevo Laredo, Mexico, on the Pan American Highway.

Ceramics Students at work.

Ceramics Classes Started June 5th

Ceramics classes started at Mac's Ceramics Studio, 376 Lake Street, Antioch, Saturday, June 5. The classes will continue for six weeks.

Enrolled in the class at present are: Colleen Moore, Bonnie Lama, Rusty Miller, Randy Miller, Sharon Smith, Lonna Crawford, Cindy Waters, Kathy Breidel, Tom Christensen, and Alex Stewart.

The next six weeks session will start Saturday, July 24.

Organ Society Will Present June 22 Program

Members of the Lake County Hammond Organ Society will present a program on Tuesday, June 22, 7:30 p.m. at the Lindenhurst Civic Center. Performing will be Mrs. Roy Miller, Mrs. Joseph Koberstein and Mrs. George Simmicht, together with vice president Bert Davis who will give a talk on Helpful Organ Hints and Fun With Music.

Mrs. Robert Berkquist will arrange for refreshments, and Mrs. Janet Gifson, Miss Catherine Dyer and Mrs. Charles Wise will serve.

Plans for the annual picnic will be announced by president Harry Mitchell.

Bonner Gets Master's Degree

John M. Bonner, son of Mr. and Mrs. Howard Bonner of Lake Villa, has been awarded his master's degree in animal production at Iowa State University, Ames. Bonner, who is married to the former Sandee Pedersen of Antioch, is a graduate of Antioch High School, and plans to start work on his doctorate this summer at Iowa State University. He is a member of Gamma Sigma Delta, honor society of agriculture, and Alpha Gamma Rho, social agriculture fraternity.

4-Hers Introduced To College Program

State 4-H Week in Illinois is an event worth signing up for, as many Lake County 4-H members have discovered.

And 20 high school age 4-Hers prepare to participate in this event which ends Friday at the University of Illinois, Urbana.

The purpose is two-fold. Initially, this will be an opportunity for hundreds of 4-Hers from throughout the state to meet together in a series of recreational and social activities.

Secondly, those attending will be introduced to a college curriculum in order to help them plan for their future careers. The 20 Lake County 4-Hers were selected from their respective 4-H Clubs. Most of the clubs have offered to pay some of the travel and registration fee for their 4-H member.

Those attending are:

John Sage, Park City; Vicki Park, Melinda Schollz, and Becky Volvert, Grayslake; Cathy Lehmann and Barbara Meyer, Wildwood; Pamela Dahlke and Cathy Christman of Gurnee; Dave Shanks, Mundelein; Janet and Jean Schoelzel, Susan Hevede, Gail Olsen, Pam Rausch, and Don White of Antioch; Ellen Regner and Carol Papciak, Round Lake; Sally Dowell, Wauconda; Laurel Kolberg, Barrington; and Diane Grazer of Wadsworth.

They will attend a one day session in "COMMUNICATIONS" and a one day session in "Career Opportunities."

Also attending as chaperones will be: Helen Volk, Lake County Home Economics adviser, and Miss Cheryl Guyer and Bill Messerschmidt, assistant extension adviser in 4-H.

Grove School Opens Summer Registration

The Grove School at Ridge Farm in Lake Forest announces registration forms for the eight week summer program are now available for children not currently registered in the school's day program. Summer school is open to all handicapped children who can profit by a summer of tutoring and training in a formal and recreational situation.

Summer Session begins Monday, June 21 and ends Friday, August 13. Fees are all inclusive for the eight weeks. Children from the ages of 3 to 21 are accepted. Lunches will be served and transportation is available to areas in Lake County and along the Chicago North Shore. Classes are daily from 9 a.m. to 2 p.m.

Classes are offered for severely handicapped and youth with minimal learning disorders, as well as those showing evidence of emotional difficulty due to learning disorders. The Grove School summer program is wide and varied with classes for the deaf, trainable, blind, and spastic children.

In addition to the academic program the children will have classes in music, art, motor work, gym and swimming. Children are taught in a ratio of four children to one adult.

A staff of 21 teachers and teacher interns and thirty volunteers will be presenting the summer program for the twelfth year at the lovely campus setting of the Grove School. The Grove School is an educational treatment center for handicapped children. It has served the North Shore and Lake County area for twelve years. High school and college students seeking career experience for special education may volunteer for the summer program. Registration forms can be had by calling the office at 234-5540 between 9 a.m. and 2 p.m.

Graduates From Vassar

Bruce Muir, whose parents, Mr. and Mrs. Blythe D. Muir live at RFD 4, Box 9, Antioch, has graduated with honors from Vassar College, Poughkeepsie, N. Y.

Rule Restored For Terminated Workers By IRS

The Internal Revenue Service is restoring the requirement that employers provide Forms W-2 to workers with 30 days after final wages are paid upon termination. Earlier, the requirement had been suspended because IRS had delayed printing of 1971 Forms W-2 while Congress was considering legislation which would affect Social Security information on the form.

Since then legislation has been passed by Congress and the Forms W-2 to former workers by June 2 if their employment was terminated on or before May 3. For employees whose employment is terminated after May 3, W-2's should be furnished not later than 30 days after final wages are paid.

Revenue Procedure 71-12, which authorized the suspension, will be modified to reflect the reinstatement of the requirement as of May 3, when the Rev. Proc. appears in the Cumulative Bulletin.

Mr. and Mrs. Joseph E. Horton of 999 Victoria St., Antioch, celebrated their 25th wedding anniversary June 11 with a dinner attended by their family in Richmond. They are the parents of two children, Mrs. Lowell Smock of Trevor and John V. Horton of Antioch. They have six grandchildren, Ronald and Christine Lee Smock of Trevor; Mrs. Jack Mather of Burlington; John D. Horton of Dwight; and June Rose and Jay P. Horton of Antioch, and two great-grandchildren, Jennifer Kaye Horton of Dwight and Heather Ann Mather of Burlington.

Antioch Rainbow Girls Initiate New Member

At a regular meeting of Antioch Assembly on June 14, the Rainbow Girls initiated a new member, Chris Fankhauser.

The next meeting of the Assembly will be June 28. Plans will be made for the Grand Assembly session July 16-19.

Heilgeist Is Aboard Cargo Ship

USS DURHAM, June 3—Marine First Lieutenant John T. Heilgeist, son of Mr. and Mrs. Joseph C. Heilgeist of 1320 Cedar Lake Rd., Lake Villa, is serving aboard the amphibious cargo ship USS Durham which has deployed to the Western Pacific for duty with the U.S. Seventh Fleet.

Your Own Personal Masterpiece

You're an artist. Your family is your own creation, and now... while you're all home together... it's your own personal masterpiece.

Only a portrait can keep your creation as it is today, for always. A one-of-a-kind original, available nowhere else in the world.

Portrait masterpieces don't just happen, though. They're made by talented, trained, experienced professional photographers. Like us. Pose your masterpiece before our cameras and see.

Roper Duels May To Win Speedway Feature

Waukegan, June 12—Once again Bob Roper of Chicago and Bob May of Gurnee fought it out in another thrilling Waukegan Speedway late model feature race Saturday with Roper winning the lead for the third and final time with just two laps to go.

The feature race had ten lead changes among six drivers with May and Roper switching positions six times in the final seven laps. Al Gutche, who led briefly, was tight behind in third spot and nearly got by May at the checkered flag.

Roper's most recent feature win was May 1 at Waukegan and ironically that was the last time May had finished second. In that race Roper pushed into the lead on the final lap and then was bumped after the checkered flag by an angered May. Neither driver has given the other an inch since that encounter.

The entire race was packed with excitement and it was no wonder that the large crowd stood and applauded Roper after the hard-fought win. Dave Stirman of Highland Park led the first five laps before spinning off the bumper of Paul Craddock of Round Lake in front of the stands at the start of the sixth lap.

In the 8th lap Tom Jones of Northbrook was in second spot and closing on Craddock when he hit a slick spot in the second turn and sailed into the wall backwards nearly tipping over. One lap later when Gutche spun into the stalled car and then was bumped by Frank Cabrera's car of Chicago, the race had to be stopped. Gutche replaced a tire before the restart and Jones had some repairs made as Bob Delaney of Keeneyville dumped his entire oil pan on the backstretch while coming around to line-up again.

Carl Major of Chicago had to win the consolation race for the right to start in the rear of the feature, but he had moved up quickly and passed Craddock a half lap after the restart. But before the lap was complete, Major and Gutche collided in the 4th turn with Major gaining one flat tire and Gutche the feature lead. May just got past Gutche in the 12th lap, but Gutche stayed glued to May's bumper until Roper assumed that spot in the 18th lap.

The three leaders were never separated by more than a car-length or two for the remainder of the race with Roper first in the lead on the 25th lap. May bumped Roper wide for first in the 27th lap, but Roper was back on top in the next, May the next and finally Roper moved into the lead at the start of the 29th lap.

In the final curve of the last lap May received an unexpected tap from Gutche and slid wide with Gutche moving inside. May kept his foot in it and just barely won the drag race to the checkered flag for second spot. Jim Cossman of Waukegan finished fourth ahead of Jones, Norm Zenko, Highland Park, and Gary Zobel of Mundelein.

Next Saturday night the late models will race in their 50 lap June Championship race with double points on the line. Saturday's win moved Roper six points closer to May and put Gutche three points ahead of Major for fourth spot.

The hobby division again furnished their share of thrills and spills and one big fire. In the consolation race Wendell Stevenson of Gages Lake had the transmission overheat when his brakes locked when lining up his car. Seconds later the car was ablaze but track safety men quickly extinguished the flames. He was

unhurt as he jumped from the car.

Tom Reuss of Wildwood had a new engine in his hobby car and won his first feature since May 23 as he finished just in front of Chuck Chadwick of Lake Zurich in the main event. Floyd Burdick of Racine took third in the race ahead of Cheryl Arndt of Milwaukee. Only nine of the original 18 starters were able to finish the accident filled race.

SUNDAY, JUNE 13—For the second straight Sunday night rain forced the cancellation of the late model and hobby stock car events at the Waukegan Speedway. The first of several downpours hit near 5:30 putting the track and parking lot under water.

Sullivan's Piece Of Cake—Wilmot Feature

Jim Sullivan, Fox Lake, won the 30 lap feature race for modified stock cars at the Kenosha County Speedway in Wilmot Saturday night after being forced out of an earlier heat race with a broken steering arm. As Jim rode his broken car behind the wrecker to the pits, he was called to the judges' stand and given a cake from one of his many fans.

The cake was lettered "Good Luck" and it was suggested that perhaps he should have received the cake before the heat race. As he returned to victory checker to IRA starter Roger Cox, following the feature, he paused to say, "It was the cake that did it."

Larry Leach, Elkhorn, started off in the lead of the feature but spun out turning the front running spot over to Jim Bozeman. The feature race was stopped on the 7th lap Johnny Reimer, Cal-

donia and Jr. Dodd, Waukegan, spun and stalled in the number 2 turn. On the restart Sullivan got around Bozeman on the back stretch and had nearly a straight-away lead at the end.

Both Jr. Dodd and Reimer restarted but 3 laps later Reimer was out with a broken rear end on the A3 modified. For the second week in a row, Don Sorce was the star of the duel for second spot in the feature but again he had to settle for third behind Bozeman. Bill Bohn, Kenosha was fourth and then it was Al Schill, Franksville, with Whitey Harris, Lake Villa, inching by Ron Bergsma, Richmond at the end.

The semi-feature was finally won by George Fisher, Fort Atkinson, but not before a fourth restart necessary in the 15 lap distance. Two were after a couple of serious looking flips. Jim

Joe Greske, Franklin, who also received a cake from his fans, won the semi-feature with heat race wins before the 4356 fans going to Jim Gerizoma, Milwaukee and Smith.

Lewis Issues New Driving Manual

Secretary of State John W. Lewis has issued a new Driver Licensing Enforcement Manual for use by police officers throughout the state.

Secretary Lewis said "this new publication will be a convenient aid to all police officers when the need arises to check a driver's license for its authenticity." The manual was designed to fit in a standard traffic ticket holder and is printed in full color so the various licenses issued can be readily identified. In addition, the manual explains how counterfeit and altered licenses can be detected.

Secretary Lewis said the new manual was developed through the assistance and cooperation of the Illinois Police Training Institute.

"Heads of all law enforcement agencies in the state were mailed copies of the manual," the secretary related, "and sufficient quantities are available, at their request, to furnish one for each officer of each unit. Stay planted right there until it's safe, and don't let the horn blower rattle you. Turn a deaf ear."

While you're waiting to turn, keep your front wheels aimed straight ahead. Don't cock them left. A push from behind could nudge you out in front of oncoming traffic. Accidentally stepping on the accelerator could also get you into trouble if your wheels are turned.

If you're turning left from a one-way street into a two-way street, be sure you enter the cross street on the right side of the center line. Cutting corners here is asking for it. You might sideswipe a vehicle waiting at the crosswalk.

Remember these rules, suggests the Safety Commission: Get into position early. Slow down. Signal your intention to turn. Keep checking your mirrors. Keep in mind that conditions change constantly.

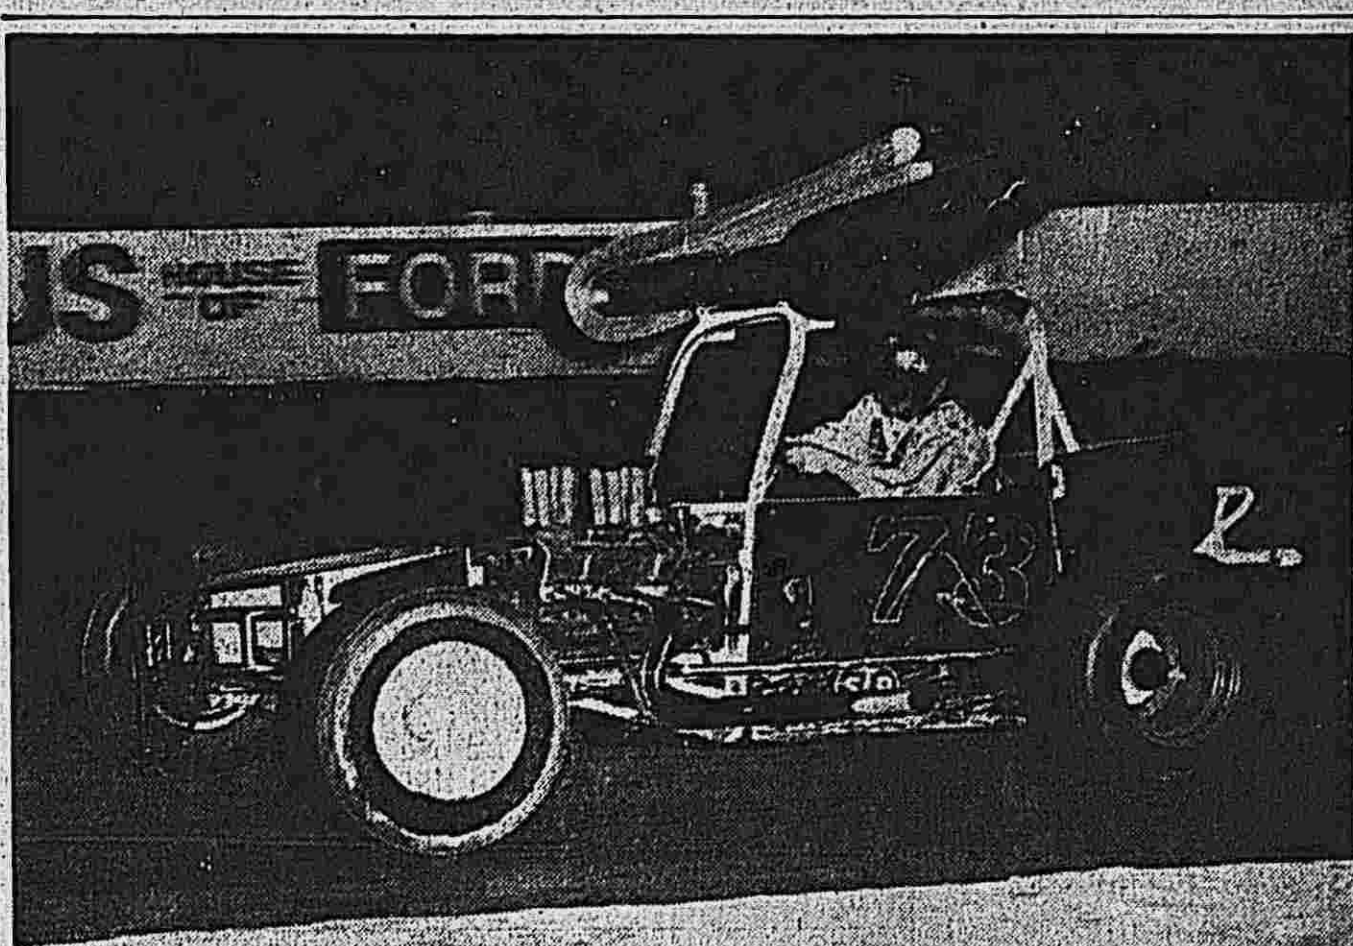

THE GOOD BOOK PROSPERS
A total of 173,478,568 copies of the Scriptures were distributed worldwide last year by the United Bible Societies. Domestic distribution accounted for 99,555,467 of the total.

THE ANTIOCH NEWS-5

A graduate of the Soap Box Derby, Tom Anderson of Antioch hopes to break the jinx that has dogged him this season on the race track circuit. He races five nights a week.

Anderson Hopes His Luck Will Improve

Tom Anderson, Antioch, who graduated from soap box ranks of auto racing to the big time of stock car and sprint car auto racing, says he believes he had better luck in the soap box derby days than he's having this year on the IRA Super modified stock car circuit.

Anderson was immediately recognized as a driver with great talent and potential and won the rookie of the year awards in his first season. Last year he branched out and ran several sprint car dates for his car owners Byron and Ann Russell of Milwaukee who also own both of the modifieds that Tom can choose from

this year. Tom made such a favorable impression in the IMCA ranks that he received an invitation to compete in the Tampa, Florida Winter Nationals in February. Tom had engine and car problems there and again in an attempt to qualify for the little "500" at Anderson, Indiana in May. Although he ran there last year, Anderson passed up the Little 500 this year to race on the opening night at the Kenosha County Speedway in Wilmot and the following night at the Lake Geneva Raceway.

Tom isn't in the top 10 at Wil-

mot where all the drivers say the competition is the toughest but he finished 4th there and at Lake Geneva last year and says that with a little racing luck he will still be close to the top in point standings when things end this September.

Last Saturday night Tom's car again gave him troubles and he didn't even get to qualify, so he promptly got another car and won a 10 lap heat race.

Tom races five nights a week and is the top point leader at St. Francis Creek, Wis., which is 150 miles from Antioch.

Two Correct Ways To Make The Left Turn

There are two lanes from which you can correctly turn left, says the Lake County Safety Commission. On streets and highways where there's two-way traffic the lane nearest and to the right of the center lane is the proper turning lane. On a one-way street get into the extreme left lane for your turn.

The left turn from a two-way road is the most hazardous. You've got to wait until oncoming traffic clears completely or until there's a break in traffic that lasts long enough for you to complete the turn safely. Here's where judgment comes into play. Be sure yours is good. If there's any doubt, stay put. Stay planted right there until it's safe, and don't let the horn blower rattle you. Turn a deaf ear.

While you're waiting to turn, keep your front wheels aimed straight ahead. Don't cock them left. A push from behind could nudge you out in front of oncoming traffic. Accidentally stepping on the accelerator could also get you into trouble if your wheels are turned.

If you're turning left from a one-way street into a two-way street, be sure you enter the cross street on the right side of the center line. Cutting corners here is asking for it. You might sideswipe a vehicle waiting at the crosswalk.

Remember these rules, suggests the Safety Commission: Get into position early. Slow down. Signal your intention to turn. Keep checking your mirrors. Keep in mind that conditions change constantly.

A future junior handler readies his West Highland White Terror for the 21st Annual Chain O' Lakes Kennel Club Dog Show to be held June 20th at the Lake County Fair Grounds, Rtes. 45 and 120, in Grayslake.

Kennel Club Will Sponsor Dog Show

The Chain O' Lakes Kennel Club will sponsor its 21st annual all-breed Dog Show at the Lake County Fairgrounds, Rtes. 45 & 120, in Grayslake on Sunday, June 20th. Show hours are 9:00 a.m. until about 6:00 p.m.

This year the Club expects to draw in excess of 2,000 Pure-Bred entries, making it one of the top 50 Dog Shows in the Nation.

The Chain O' Lakes Kennel Club show ranks as one of the top Dog Shows in the Midwest. In addition to the Breed, Group, and Best In Show judging, there will be classes in Junior Showmanship, with a special award for Best Junior Handler. This competition is for boys and girls from ages 10 through 16 who have made their entries in advance. Large entries are expected.

from breeds having Specialty Shows in the area the day before. These include English Setters, Dachshunds, German Shepherds, Afghan Hounds, and Welsh, Fox Irish, and Bull Terriers.

The German Wirehaired Pointer Club of Illinois will be holding their Specialty Show in conjunction with this show and the Chagoland and Shetland Sheepdog Club and the Rhodesian Ridgeback Club of the U.S. will support the entries of their respective breeds at this show.

This year's show chairman, Byron Levene of Libertyville, who will be aided by Club members from all parts of Lake and McHenry Counties.

Further information may be obtained by contacting Byron Levene at 363-0784. The show is open to the public.

State Bank Sponsors Women's Golf League

An enthusiastic group of women golfers met Tuesday morning, June 8, at the Antioch Country Club, for their first morning of golf. These were members of the newly formed Tuesday Morning State Bank of Antioch Women's Golf League. The women had met two weeks earlier and elected the following officers:

President—Mrs. Homer LaPlant
Vice Pres.—Mrs. Albert Bucar
Secretary—Mrs. Rose Anderson
Treasurer—Mrs. Don Mentone

There are eight teams in the league with five members on each team. There are also sub-

stitutes. Team members are as follows:

Team No. 1: Irene Teresi, Henrietta Albergo, Kay Costoff, Shirley Carlson, Carol Jester.

Team No. 2: Dolores Scarpelli, Ruth Pickus, Eugene Nissen, Sally Hawkins, Phyllis Kapschke.

Team No. 3: Beverly Dodd, Carol Anderson, Gen Osmond, Marge Solar, Anne St. Pierre.

Team No. 4: Bette Mentone, Edna Behm, Phyllis Bucar, Caroline Costoff, Char Smith.

Team No. 5: Mary Rose Griffin, Bess Tobieski, Fran LaPlant, Shirley Stanich, Barb Tobias.

Team No. 6: Eileen Zannini, Betty Waite, Kay Manzardo, Terry Klaczyk, Marge Warner.

Team No. 7: Shirley Bunker, Bev Reckers, Pat Lorenz, Mary Cunningham, Diane Walsh.

Team No. 8: Jean Daniel, Sara Fields, Jan Burdick, Irene Hahn, Karen Wilton.

Substitutes: Angie Maras, Bunny Miholovich, Louise Vos, Pearl Fowles, Diane Schultz.

Team standings:

Team	Points
No. 2	4
No. 6	4
No. 7	4
No. 4	3 1/2
No. 3	2 1/2
No. 1	2
No. 5	2
No. 8	2

Bill Wilton was re-elected president of the Tuesday Night Golf League and Roger Andrews was re-elected secretary-treasurer for the 1971 season.

The league was expanded to fourteen teams, the new teams are Antioch Savings and Loan and Walsh's All Seasons.

The league was to start on May 4, but due to bad weather, the first full round was played May 18.

After four matches the standings are as follows:

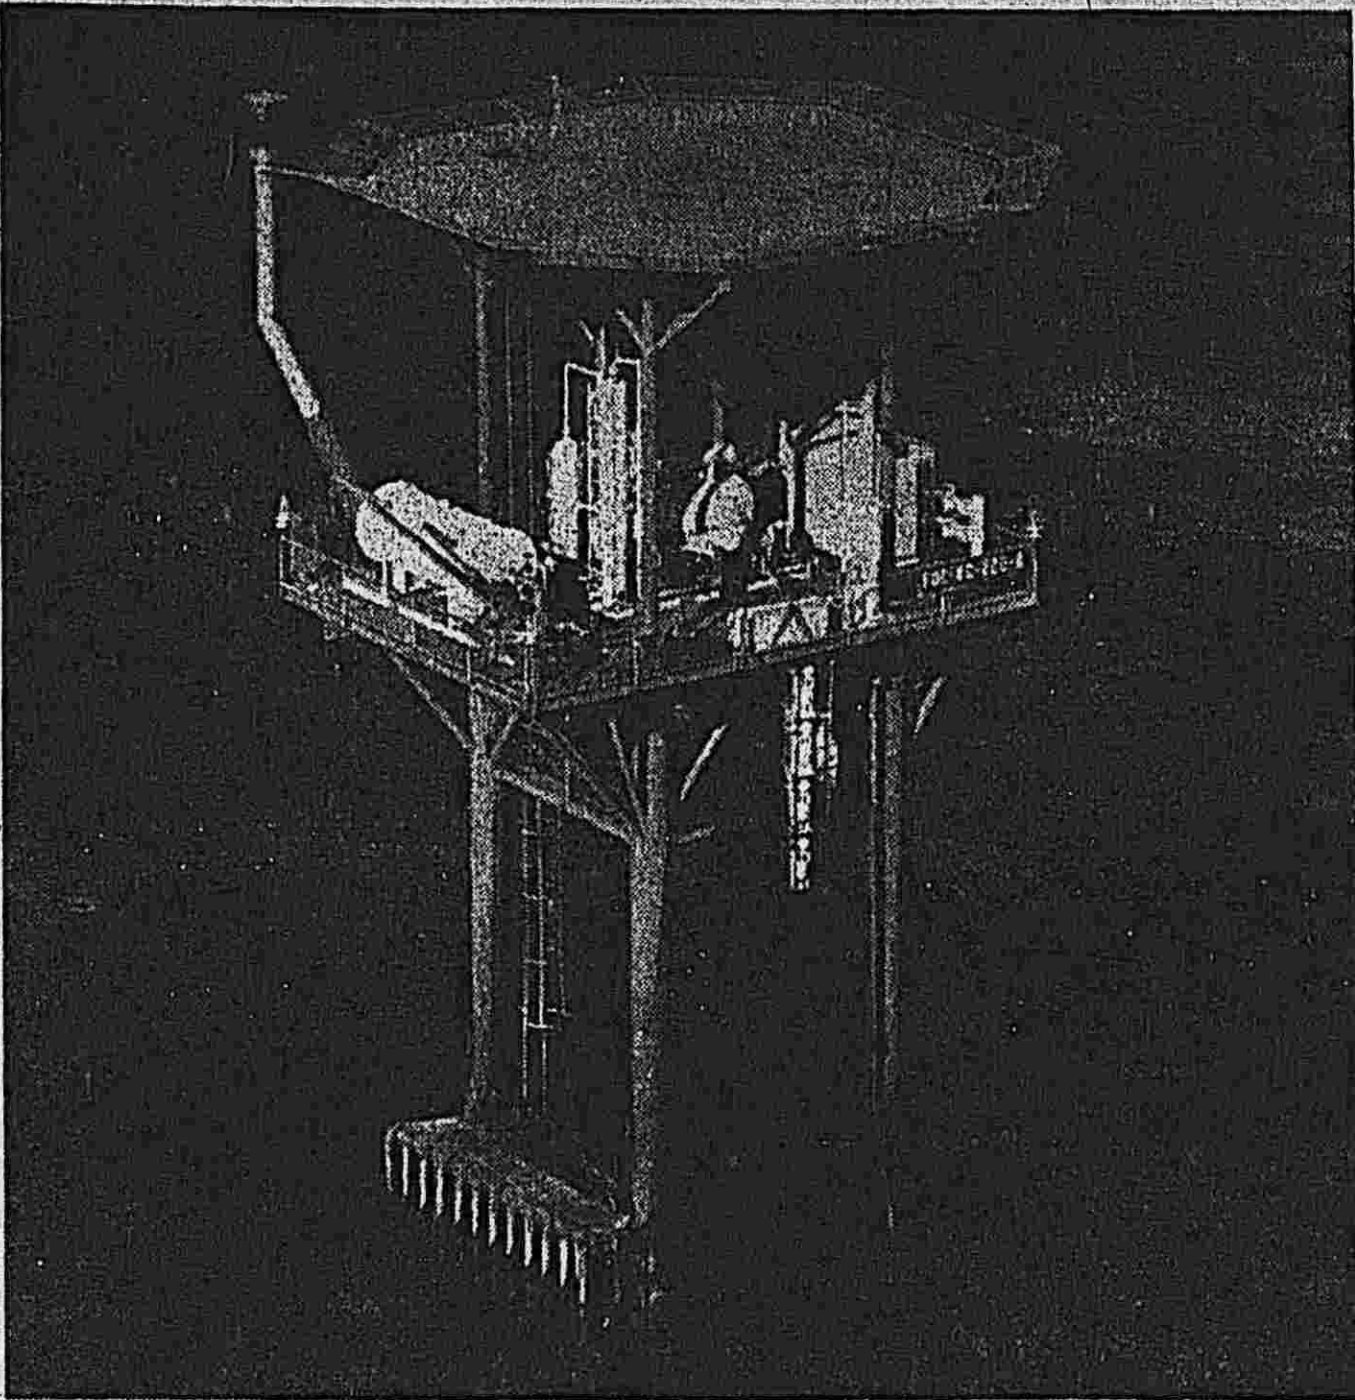

Wilton's TV	19 1/2
Gibbs & Janssen	18

Tuesday Night Golf League Re-Elects Wilton President

Lorenz's-Smart's 16
State Bank/A 14
1st Nat'l Bank 14

Shoe Box 11
Cornelius Real Estate 10 1/2
Teresi Chev-Olds 10 1/2
State Bank/1 10
King's Drugs 9 1/2
A & B Printing 9
Antioch Savings & Loan 8 1/2
Carey Electric 6 1/2

The top shooters for the last four weeks were as follows:

May 18—Red Curran	39
May 25—Jim Fields	40
June 1—Ted Larson	57
June 8—Art Bloss	28

North Shore Gas Company, which buys its supplies from Natural Gas Pipeline Company of America, may one day be receiving gas from a production well like this one from which Natural is now taking gas. The well is in the Gulf of Mexico, 41 miles off the Louisiana coast. North Shore is joining the pipeline firm and other gas distribution companies in financing a program to find and develop new supplies in the offshore Louisiana area.

Gas Industry Seeks Future Energy Needs

How the natural gas industry is working today to provide for the multiplying energy needs of the future is the subject of a major new exhibit now on display at Chicago's Museum of Science and Industry.

The exhibit, presented by the People's Gas Company, shows how natural gas has been put to work using new methods and applications. It includes a multimedia "Theatre of the Future," where visitors can see a preview of life in the 21st century—members of a family of the future living their daily lives in a comfortable, pollution-free environment which the use of natural gas has helped make possible.

Color slides in the presentation show scale models of a future community and a life-size mock-up of the interior of a 21st century home. Many of the applications of gas technology shown in the theatre are likely to evolve from advanced gas-powered devices already in commercial use today. The exhibit contains examples of such applications as: gas equipment which generates electricity, controls air pollution, and produces infrared heat; and high- and low-temperature light. By activating audio and visual presentations, Museum visitors will be able to observe these developments.

While the emphasis of the exhibit is on the future, the past and present development of natural gas technology is also reviewed. The history of natural gas technology in America and the story of how gas is brought from the ground, transported hundreds of miles through pipelines to Chicago and used by households and industries today is told in the new display.

Admission to the Peoples Gas Company Exhibit and to the Museum is free.

Museum visiting hours are: weekdays, 9:30 a.m. to 5:30 p.m., and Sundays and holidays, 10 a.m. to 6 p.m.

COMING EVENTS

Thursday, June 17
Lakeside Rebekah Card Party, Luncheon sandwiches 12:30 - Legion Hall.

Land Acquisition In Lake County Endorsed

Henry N. Barkhausen, director of the Illinois Department of Conservation, has endorsed a proposal to add 1,400 acres of recreation land to the Illinois Beach State Park area in northeastern Illinois.

"The area has been designated by the federal bureau of outdoor recreation and by the Northeastern Illinois Planning Commission as 'an area of first priority for acquisition and recreational development.'"

"Presently, we have a 200,000 acre land deficit in northeastern Illinois," Barkhausen said. "If we, as a state agency, are to provide for the accelerated demand for recreational facilities for the people of metropolitan Chicago

(then it is imperative that our announced acquisition program continue."

The 1,400 acres of land in the proposed addition to the state park system involves three tracts north of the Zion nuclear power plant of Commonwealth-Edison Co., which adjoins Illinois Beach State Park on the north. The acquisition will add contiguous Lake Michigan shoreline to the state park system from the Commonwealth - Edison property north to the Wisconsin border, taking the Zion North Shore subdivision, the army's Camp Logan property, the Winthrop Harbor shoreline and acreage of the Lake County Forest Preserve District, Barkhausen explained.

Barkhausen said he questions the validity of statements made by several homeowners in the Winthrop Harbor area to the effect that the majority of landowners affected by the state acquisition were opposed to selling their homes to the state.

"On the contrary, over 100

homeowners have contacted the Illinois Department of Conservation and have agreed to sell their home, Barkhausen said. "This was prior to any of our land acquisition agents contacting them on an official basis."

Additional time will be given to homeowners to move from the Winthrop Harbor area, he said. The Department of Conservation has announced that homeowners affected in Phase II, which is basically property away from the beach area, will be given until September 1974, and September 1975, to vacate property in the Illinois Beach acquisition area.

Our expansion of Illinois Beach State Park demonstrates our determination to meet our obligation to provide additional recreational areas for the over 5 million people in the northeastern Illinois area," Barkhausen said. "Illinois Beach State Park attendance has ranged from over 1,200,000 to 1,800,000 people each year, without a logical expansion program of this unique resource, the park itself faces serious deterioration because of such large usage."

Court Provides Relief For Small, Unpaid Bills

Someone owes you a little money and has refused to pay up? Or you would like to collect for some damage done to your property but the person responsible hasn't come through?

Then you will be interested in knowing about the Small Claims Court, the law's way of handling relatively small claims at a minimum of time and expense to the parties involved.

Small Claims Court is operated by the Circuit Court under rules of the Illinois Supreme Court. It hears suits for goods or services, personal injury or property damage and for various other claims based on tort or contract, provided the amount at stake is not more than \$1,000, exclusive of costs and interest. Also, county officials use the Court for suits to collect unpaid personal property taxes within this limit.

Until July, 1969 the Court could handle only cases involving \$500 or less. According to the Illinois State Bar Association, a person may file a claim with the Court for a small fee, he won't need an attorney unless he wants one, and his case will be decided by a judge at an informal hearing—unless either the plaintiff or the defendant asks for a jury. If requested, a jury of six is provided at a cost of \$12.50 or, if specified, a jury of 12 at a cost of \$25.

Generally, the ISBA says, procedures followed in the Small Claims Court are as follows: A short and simple complaint is filed with the Court. The complaint states the nature and extent of the claim, the name, address and telephone number of the plaintiff and the defendant's name and residence or business address. The cost to file the complaint may be as little as \$10 or less (\$11 in Circuit Court, Cook County, in cases of from \$500 to \$1,000). A summons may be served by certified mail to an address of the defendant within the county for a fee of \$1.50 or it may be served by a sheriff.

The date and time of the hearing is stated in the summons. The defendant is not required to file a formal answer to the complaint with the Court unless ordered to do so by the Court. Also, depositions and other discovery methods for the collection of evidence, often employed in other cases, are not permitted except as authorized by the Court. During the hearing, strict rules for the admission of evidence may be dispensed with and, after a statement of the claim, the defendant proceeds to prove any defense he may have. Unless a jury has been requested, the judge will render his verdict. If the Court rules in favor of the plaintiff, a judgment, including court costs, is entered against the defendant, who may be allowed to pay in installments. Costs would include the jury fee, if a jury was demanded.

Vietnam Vets Urged To Get GI Benefits

A 14-month program to encourage Vietnam veterans to use their GI Bill benefits for education and training began here in May. Chicago is one of five U. S. cities to be singled out by President Nixon for this special project.

John B. Naser, director of the Veterans Administration regional office here, said a million dollar grant had been made through the office of Economic Opportunity to ensure the success of the project.

Students now in college under the GI Bill from ghetto and low income areas will be hired to penetrate the ghettos and barrios seeking out some one million eligible veterans who are now without work or job abilities.

"This cadre will know the problems of these veterans, many in the minority, who have not sought aid from the Veterans Administration or other government agencies to help relieve their unemployment plight. In addition to encouraging these veterans to take training and receive benefits, these veterans will also be briefed to give personal help to drug addicted veterans, alcoholics, or those with other personal problems," Naser said.

Four other cities will be included in the initial program. They are Cleveland, Detroit, Indianapolis and Los Angeles. Five other cities yet to be selected will be added in the overall program throughout the year.

"We owe these returning veterans from Vietnam more than gratitude," Naser pointed out. "We owe them the chance—and extra measure of help—in making the difficult transition back to civilian life."

"We have enlarged the VA programs during the past two years, increasing benefits for our Vietnam veterans," Naser said, "but one of the key factors in the unemployment situation for our returning veterans is that many veterans who could profit most from the benefits available—and particularly the disadvantaged—are not making full use of these benefits."

This new program will be overseen by VETAC (Veterans Education and Training Action Committee). It is to be administered by the National League of Cities and the U. S. Conference of Mayors for OEO.

"There are about seven million Vietnam era veterans eligible for benefits. At present there are one million enrolled in college or some sort of training. At least one million hard-core disadvantaged veterans need to be enrolled in one of these programs. We hope to attract at least 800,000 of these through this program during the next year," Naser said.

Naser said in the State of Illinois there were 201,000 Vietnam veterans and 170,000 veterans who served between the Korean Conflict and Vietnam who are eligible for benefits under the Third Generation GI Bill.

Sponsors of the local program will include city and state agencies, community action agencies, colleges, model cities agencies, local urban coalitions and veterans organizations. Outreach workers will operate out of these sponsors' offices.

Also cooperating in the program are the American Council on Education, the American Legion, the National Urban League, the National Association for Equal Opportunity in Higher Education, the Appalachian Regional Commission, and Aspira of America, Inc., a community organization serving Puerto Ricans.

Certificates Issued 1,205 Corporations

Secretary of State John W. Lewis has announced that 1,205 new corporations were issued Certificates of Incorporation and Authority in Illinois in May, for an increase of 118 over the 1,087 new corporations in May of last year.

In the first five months of 1971, 6,094 new corporations were formed and licensed in Illinois, an increase of 637 over the 5,457 new corporations in the same period of 1970.

Secretary Lewis stated that annual franchise tax statements were mailed to 96,651 Illinois and out-of-state corporations during the week of May 10th. Annual franchise tax statements are due and payable July 1, 1971.

The Corporation Division collected \$987,597.47 in May, a decrease of \$1,739,995.74 from the \$2,727,593.21 collected in May of 1970.

In the first five months of this year, \$4,051,582.53 was collected by the Division, for a decrease of \$1,676,428.83 from the \$5,728,011.36 collected in the same period of 1970.

Secretary Lewis anticipates that increased tax payments during June and July will serve to overcome the present decrease in fees collected.

V.A. NEWS

Q—Is the sale of VA repossessed homes limited to veterans only?

A—No. Anyone who qualifies may purchase these homes whether they are veterans or non-veterans.

Q—I will attend college this fall under the G.I. Bill. When can I expect my first check?

A—VA cannot state an exact date. When VA receives the enrollment certification from the school, it generally will require from four to six weeks to process it for payment.

Q—Can a veteran who has \$10,000 NSLI and later becomes service-connected for disability also be eligible for RH insurance?

A—No. A veteran can carry only \$10,000 worth of government life insurance. However, if a veteran is eligible for RH and wishes to surrender his present policy, he may replace it with RH. He must apply for RH within one year from the date of his service connected rating.

Q—Will my pension as a widow of a World War II veteran be discontinued because I received an inheritance of \$4,000?

A—No. Under the law, the inheritance may not affect your payments until the first of the year after that in which it is received. Then, unless your estate is excessive, your pension rate will be computed on your anticipated income only.

Chemicals Aid War On Weeds

Chemicals have become a valuable weapon in the fight to control weeds in shrubs, flowers and gardens, says Ray T. Nicholas, Lake County Extension Adviser. Among the first commercial herbicides to be adapted for use in home gardens was Trellan. Shaker cans of granulated Trellan are sold for home gardeners to use in controlling weeds around a variety of flowers, shrubs and roses. Other recent

additions to the weed-control arsenal for use on flowers, vegetables and shrub beds are Dacthal and Ambien.

Properly used, all three compounds prevent weeds from germinating while established plants are unaffected. In shrub beds and among perennials you'll need to hoe first to destroy existing weeds before you scatter the granules. You'll get best results if you promptly rake the granules into the top inch of soil and then wet down the soil.
